ABOUT THE COUNCIL

MISSION AND VISION

Elevating West Michigan by developing careers, cultivating talent and promoting a thriving, dynamic hospitality industry. The council's efforts will attract and develop skilled workers to provide world-class service throughout the region.

INDUSTRY IMPACT

More than 35,000 people are employed in the hospitality industry in West Michigan, and 20 of the most in-demand jobs in our region are part of hospitality. This Industry Talent Council is bringing together employers, education, and economic and workforce development in our inaugural year. When the hospitality industry succeeds, the whole community benefits through better jobs and stronger businesses.

We are thrilled to announce the formation of Explore Hospitality. As a key employment sector in our region, it's essential that we highlight the broad range of opportunities our industry offers. This newly formed council brings together diverse representation from across the hospitality landscape – including lodging, food & beverage, transportation, healthcare, events, destination marketing, education, attractions and others.

BE THE CHANGE

MICAREERQUEST

At MiCareerQuest this year, sixth-ninth grade students learned about 13 hospitality occupations through hands-on activities. They were prepping for events, frosting cupcakes, planning transit routes and more. These students were inspired to consider this key industry as a career path after these experiences. This was the first time Explore Hospitality participated in the event, and we hope to expand our presence there in years to come.

I liked the hands-on activities. It gave me and others a better understanding and experience of what I'm thinking of continuing in the future.
